

PRIVACY NOTICE

We understand how important it is to keep your personal information safe and secure and we take this very seriously. We have taken steps to make sure your personal information is looked after in the best possible way and we review this regularly.

Please read this privacy notice ('Privacy Notice') carefully, as it contains important information about how we use the personal and healthcare information we collect on your behalf. Information on how we handle your data is available on our website:

www.stortvalleyhealthcare.com

1. About Us

We, Stort Valley Healthcare Limited the local GP Federation, are required to provide you with this Privacy Notice by Law. It explains how we use the personal and healthcare information we collect, store and hold about you. If you are unclear about how we process or use your personal and healthcare information, or you have any questions about this Privacy Notice or any other issue regarding your personal and healthcare information, then please contact the Data Controller at your registered GP Surgery.

Our aim is to provide you with the highest quality healthcare. To do this we access information about you, your health, and the care that is provided, or is planned to be provided, to you. This information is collectively known as your 'health record'. The purposes for which we use the information held in your health record are set out in this Privacy Notice.

The Federation provides you with Extended Access Services . This service is part of the My Care Record initiative of electronic health record sharing (see section G for further information), and provides you with access to GP appointments outside of regular GP Surgery hours. In order to provide you with this service, there are formal arrangements in place with the Clinical Commissioning Group (CCG), the local GP practices and Stort Valley Healthcare Limited. We as the local GP Federation (a group of local GP practices) offer this service on behalf of the 5 Surgeries within the locality. This means that we as a Federation will need access to your healthcare record to be able to offer you the service. To ensure that each organisation involved in the Extended Access service comply with the law and to protect the use of your information, we have very robust data sharing agreements and other clear arrangements in place to ensure your data is always protected and used for those purposes only. The Extended Access service is managed by Stort Valley Healthcare and the practices included are as follows:

Central Surgery, Sawbridgeworth

Church Street Surgery, Bishop's Stortford

Much Hadham Surgery, Much Hadham

Parsonage Surgery, Bishop's Stortford

South Street Surgery, Bishop's Stortford

Prior to accessing your record you are asked for consent to share the record with the GP Federation. If you do not give consent you will not be able to access the service.

2. Contact Us

Data Controller

The contact details of the named, responsible Data Controller at the Federation is **Dr Jag Takhar**. You can contact him via Parsonage Surgery on: 01279 827608 if you have any questions about your information being held or any other query in relation to this Privacy Notice and your rights as a patient.

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

If you require access to your information or if you wish to make a change to your information **please contact your own GP Surgery**

If you have a concern

If you have a concern or complaint about the way we handle your personal data or how we have used or handled your personal and/or healthcare information, **please contact the Data Controller** using the contact information provided, so we can review your concern in accordance with our internal policy.

In the event that your concern was not resolved by your contact with our named Data Controller, then please contact our Data Protection Officer on the details below.

You also have the right to raise any concern or complaint with the UK supervisory authority, at the **Information Commissioner's Office (ICO)**: <https://ico.org.uk> or telephone: **0303 123 1113**.

- A. Data Protection Officer (DPO)** function for this organisation is provided by Liz Scott: If you wish to contact the DPO for further information on how we use your data, or if you have a concern about anything to do with the personal and healthcare information we hold about you (that was not resolved by your enquiry with the organisation), please contact the DPO via Central Surgery: 01279 603180

3. Information We Collect About You and Why

In order to provide healthcare services we collect personal information from you, such as your contact details: your name, address, telephone number(s), email address, date of birth, gender, NHS Number, details and contact number(s) of your next of kin/emergency contact, or carers as applicable. We also collect health information and other related information from you and from health care professionals, or any other person involved in your general healthcare. This may include such information as:

- contact we have had with you, such as appointments and services
- information related to the services provided
- notes and reports about your health
- details and records about your treatment and care
- results of x-rays, laboratory tests etc.

The information collected from you and others is collectively known as your 'health record'. Your health record may be held in hand written format (manual record) or on a computer system (electronic). Information held within your health record is used for your direct care purposes and to check and review the quality of care you have received. (This is called audit and clinical governance). We may contact you using SMS messaging for appointment and other services on the mobile number you have provided and where you have given us permission to do so. If you no longer wish to receive messages via SMS, please contact the organisation to let us know.

Your care providers will endeavour to ensure that your health record is kept up-to-date, accurate, secure and appropriately accessible to those providing your care and treatment. Please ensure you update us on any changes to your contact information or any other relevant details. You have the right to access information held about you. For details on access requests, please see Section 7A of this Privacy Notice.

4. Lawful Basis Relied on for Processing Information About You

- A.** The primary lawful basis that we rely on to collect, store, use, and share your personal and health information for direct care, the administration of direct care services (prevention, investigation and treatment), and the planning of healthcare services under Data Protection Legislation are as follows:

Limited

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

- i. For processing personal data: The performance of a task carried out in the public interest or in the exercise of official authority...' Article 6(1)(e) '

And

- ii. For Personal data concerning health or special categories of personal data: Article 9(2) (h) '...for the medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems...'

B. Vital Interests:

There may be occasions where we rely on the lawful basis of Vital Interests in the event that we need to process personal data to protect an individual's life.

C. Legal Obligation:

Sometimes we are required by law to share your information. Examples of this may include such reasons as: to safeguard children or vulnerable adults, where it is in the wider public interest (public health), detection or prevention of crime, to defend a legal claim, reporting to DVLA, or where required by court order. In these instances, the lawful basis for sharing information is Legal Obligation.

D. Consent:

Your consent will be sought in certain instances, where we do not rely on another lawful basis to process your information (see Section 4A-C). For example, if you wish to sign up to our newsletter or to release your information to a third party who we do not have a lawful basis to share your information with, your consent will be required. When consent is given as the lawful basis for processing your information, your consent can be withdrawn at any time.

We will never sell or share your information for direct marketing

5. Direct Care Services and Who We May Provide Your Information to and Why

Safe and effective care is dependent upon relevant information being shared between all those involved in caring for a patient. When an individual agrees to being treated by the wider care team, it creates a direct care relationship between the individual patient, the health and social care professional, and their team. All health and adult social care providers are subject to the statutory duty under section 251B of the Health and Social Care Act 2012 to share information about a patient for their direct care. This duty is subject to the Common Law Duty of Confidentiality

Your personal information will only be shared in accordance with your rights under the General Data Protection Regulation, Data Protection Act 2018, the Common Law Duty of Confidentiality, the NHS Constitution, and in keeping with professional and NHS Codes of Practice.

For further information on the use and sharing of confidential information, please follow the NHS Digital link <https://digital.nhs.uk/data-and-information/looking-after-information/data-security-and-information-governance/codes-of-practice-for-handling-information-in-health-and-care/a-guide-to-confidentiality-in-health-and-social-care>

You have the right to object to your information being shared for direct care, but in some circumstances this may delay or affect the care you receive. Always consult your GP or relevant health professional before deciding to opt out of sharing your information, as they will be able to advise you on the possible outcomes of this decision. Please see Section 7E for further information on the right to object.

A. Case Findings and Risk Stratification

Sometimes your information will be used to identify whether you may benefit from a new or existing service; based on case findings. To do this, we may use automated technology to help us identify people that might require support or benefit from services, but ultimately, the decision is made by those involved in your care. Those involved in your care might look at

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

particular ‘indicators’ (such as particular conditions) and contact you or take action for healthcare purposes. For example, this might be to prevent you from having to visit accident and emergency by supporting you in your own home or in the community.

The automated review may be completed at the organisation or in conjunction with Clinical Commissioning Group’s (CCG) Risk Stratification processes. The information we pass to the CCG is via our computer systems and cannot identify you to them. This information only refers to you by way of a code that only your practice can identify (it is pseudo-anonymised). This protects you from being identified by anyone not involved in your care who may have access to this information.

Please follow this link to see how the CCG use information to provide services and improve care:

<https://www.enhertsccg.nhs.uk/how-we-use-information-about-you-fair-processing-notice>

We may provide your information to the following people or organisations, where there is a legitimate reason to do so i.e.: they require your information to assist them in the effective provision of your direct healthcare needs:

- B. People and Organisations involved in your care:** Health and Social Care Professionals, including support personnel who have, or will have a direct care relationship with you to meet your healthcare needs;
- C. Diagnostic Organisations:** Diagnostic testing organisations are provided with relevant information to allow contact with you and to book a test/procedure to assist in your direct healthcare needs.
- D. Pharmacies:** Pharmacists are provided with relevant information to allow contact with you and to provide relevant prescriptions and supporting advice, assisting in your direct healthcare needs.
- E. Referrals such as Hospital Appointments/Specialists/Dentists/Continuing Health Care Services, Community Services (including Mental Health), and CCG approvals for certain NHS health services:** When referrals are made for patients to an NHS or private healthcare provider, a summary of the patient’s health history is typically included to assist the receiving healthcare professional to make a holistic assessment and/decision. This is important, because removal of areas of the history that could be considered relevant may affect the outcome of referrals and treatment. If there are areas of your healthcare history that you do not want shared, please raise this with your GP or healthcare professional.
- F. National Screening Programmes:** The NHS provides national screening programmes so that certain diseases can be detected at an early stage. These screening programmes currently include bowel cancer, breast cancer, cervical cancer, aortic aneurysms and a diabetic eye screening service. The law allows us to share your contact information with Public Health England so that you can be invited to the relevant screening programme.

More information can be found at: <https://www.gov.uk/topic/population-screening-programmes>

For national screening programmes, you can opt out so that you no longer receive an invitation to a screening programme. See:

<https://www.gov.uk/government/publications/opting-out-of-the-nhs-population-screening-programmes> or speak to your registered GP practice.

Limited

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

G. Record Sharing Programmes

1. My Care Record this is a local record sharing initiative that promotes the safe, transparent sharing of your healthcare records for the purpose of your direct care needs.

The My Care Record currently allows the sharing of patient records with local partner organisations. To ensure that those partner organisations comply with the law and to protect the use of your information, we have robust data sharing agreements and other clear arrangements in place to ensure your data is always protected and used for those intended purposes only.

For more information of the My Care Record initiative and a list of the organisations who have signed data sharing agreements to promote this integrated care model, please follow the link:

<https://www.mycarerecord.org.uk/>

3. Primary Care Networks (PCN) this organisation is part of the Stort Valley and Villages PCN. The PCN includes other local organisations such as: GP practices, community, mental health, social care, pharmacy, hospital and voluntary services, working together to enable greater provision of proactive, personalised, coordinated and more integrated health and social care. In order to provide you with these services, we have formal arrangements in place. To ensure partner organisations comply with the law and to protect the use of your information, we have very robust data sharing agreements and other clear arrangements in place to ensure your data is always protected and used for those intended purposes only.

Further information about the provider services within our PCN can be requested from the organisation, or information on our website:

<https://www.stortvalleyhealthcare.com/primary-care-network/>

Local PCN membership of GP practices can be found here:

<https://www.enhertscg.nhs.uk/primary-care-networks-pcns>

Further information about PCNs can be found here:

<https://www.england.nhs.uk/primary-care/primary-care-networks/>

4. Your Summary Care Record and Summary Care Record with Additional Information

i. Summary Care Record (SCR)

Your summary care record is an electronic record held on a national healthcare records database provided and facilitated by NHS Digital. This allows other healthcare professionals who we do not have data sharing agreements with, but who you have a direct care relationship with, to access your electronic record when they are providing you with direct care services. This is particularly helpful if you are visiting another part of the country and require healthcare services.

At a minimum, the SCR holds important information about;

- current medication
- allergies and details of any previous bad reactions to medicines
- the name, address, date of birth and NHS number of the patient

This record may be accessed with your permission by relevant healthcare professionals involved in your direct healthcare. If you do not wish to have your SCR available to be shared, please contact your registered GP practice so we can update your records.

<https://digital.nhs.uk/summary-care-records>

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

ii. Summary Care Record with Additional information

The inclusion of additional information on a SCR is particularly useful for people with complex or long term conditions. Due to the sensitivity of more detailed information being accessible on your SCR, you will be asked for your permission to allow additional information to be added to, and accessible on, your SCR.

H. Clinical Commissioning Group (CCG)

The CCG manages the majority of contracts for primary care, in order for us to deliver healthcare services to you. At times, they may assist us with our delivery of direct care services through reviews, or coordination and follow up with other organisations involved in your care. This may include such functions as coordinating community pharmacy services, providing medication optimisation reviews, arranging continuing health care services, contacting a hospital about important discharge information or a diagnostic organisation about a test result, or other health or social care services involved in your care.

We have a contract in place with the CCG. This means that they cannot do anything with your personal information unless we have instructed them to. They will only share information about you that is relevant and necessary to fulfil the requirement of a particular service to you. Information about you is only shared with organisations that have a relationship with you or will have a relationship through a referral. They will hold your information securely and retain it for only as long as necessary. If you require further information please contact your registered GP practice or the DPO.

I. Third Party Technical Support Processors

J. We use data processors who are third parties, who provide technical administration services for us to deliver health care services to you. We have a contract in place with our data processors. This means that they cannot do anything with your personal information unless we have instructed them to do it. They will not share your personal information with any organisation apart from us. They will hold it securely and retain it for the period we instruct. If you require further information please contact your registered GP practice or the DPO.

6. Non Direct Care Services Where Your Information May Be Used:

Whenever you use a health or care service, such as attending GP appointments, Accident & Emergency, admission to hospital, or using Community Care Services, important information about you is collected to help ensure you get the best possible care and treatment. In addition, this information may also be used by other approved organisations for non-direct care purposes, where there is a lawful basis to help with: planning services, improving care, research into developing new treatments, and preventing illness. All of this helps in providing better care to you and your family and future generations. Anonymised information (where you cannot be identified) will be used for non-direct care purposes whenever possible. However, confidential information about your health and care is only used in this way where the law allows and in alignment with the National Data Opt-Out Policy

National Data Opt –Out

You have a choice about whether you want your confidential patient information to be used for research and planning. If you are happy with this use of information you do not need to do anything, but if you do choose to opt out, your confidential patient information will still be used to support your individual care and will not affect care and services available to you.

However, if there is an overriding public safety concern or legal requirement to share information, we must do so (See Section 4D).

For further information on the Nation Data Opt-Out Policy:

<https://www.nhs.uk/your-nhs-data-matters>

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

If you choose to opt out, you can still agree to your data being used for specific purposes i.e: a specific research project.

You can change your mind at any time on the NHS Digital link:

<https://www.nhs.uk/your-nhs-data-matters/manage-your-choice/>

This organisation is compliant with the National Data Opt-Out from March 2020 and will use your NHS number to apply your choice in line with the National Data Opt-Out Policy.

Please note: In addition to the National Data Opt-Out, the existing 'type 1' opt-outs will continue to be respected until 2020, when the Department of Health and Social Care will consult with the National Data Guardian. Therefore, until further notice, if you have informed your GP practice that you dissent from the practice sharing your confidential data for purposes beyond your direct care (type 1), your data will not be shared without your expressed permission.

Data being used or shared for purposes beyond individual care does not include your data being shared with insurance companies or used for marketing purposes and data would only be used in this way with your explicit consent .

Please see Section 7E for further information on the right to object.

Non-Direct Care services include organisations such as:

A. Clinical Commissioning Group East and North Hertfordshire Clinical Commissioning Group (CCG) is the organisation responsible for commissioning (planning, designing and paying for) your NHS services. The CCG is made up of local GPs, health professionals and commissioners, working together with other clinicians and patients to decide how the local NHS budget should be spent. Information provided to the CCG is pseudo-anonymised, meaning the CCG cannot identify the individual. For more information on how the CCG uses your information:

<https://www.enhertsccg.nhs.uk/how-we-use-information-about-you-fair-processing-notice>

B. NHS Digital Your health records contain confidential patient information, which can be used to help with research and planning. NHS Digital takes the protection of your confidential patient information very seriously and puts measures in place to ensure it is looked after in accordance with good practice, the **National Data Opt-Out Policy** and the law. Whenever possible, information is anonymised. For further information on your choices, including opting out, please see:

<https://digital.nhs.uk/about-nhs-digital/our-work/keeping-patient-data-safe/how-we-look-after-your-health-and-care-information/your-information-choices/opting-out-of-sharing-your-confidential-patient-information>

C. Care Quality Commission Access to Health Records

CQC has powers under the Health and Social Care Act 2008 to access and use your health information where it is necessary to carry out their functions as a regulator.

This means that inspectors may ask to look at certain records to decide whether we are providing safe, good quality care.

<https://www.cqc.org.uk/about-us/our-policies/privacy-statement#public>

D. Research Organisations

Health and social care research may be conducted by organisations commissioned by the NHS, other health and social care organisations, universities, or commercial research partners for such purposes as developing new treatments and improving healthcare outcomes. If through Case Findings (see section 5A), and where you have not previously objected, we would contact you to determine if you would like to participate with a research project. We always ensure that data protection and confidentiality laws are followed to protect your data, and information about you will not be shared with research organisations without following the National Data Opt-Out Policy.

Stort Valley Healthcare Ltd

Ramsay House

18 Vera Avenue,

London, N21 1RA

Company Number **9489615**

- E. For the purposes of complying with the law as explained in section 4C.
- F. Anyone you have given your consent to view or receive your record, or part of your record. Please note, if you give another person or organisation consent to access your record we may need to contact you to verify/clarify your consent before we release the record. It is important to us that you are clear and understand how much information and what aspects of your record will be released.

7. Individual Rights

The Law gives you certain rights about your personal and healthcare information that we hold. We as a Federation do not hold your data, we have just been granted access in order to provide Extended Access Services. Therefore, **Subject Access Requests (SAR) are to be sent directly to you own GP Surgery as they are your Data Controller.**

8. How Long Do We Keep Your Information

In line with the most current NHS Digital Records Management Code of Practice for Health and Social Care, we will retain/store your health record for as long as necessary to provide the services set out in this Privacy Notice.

If you move away and register with another practice, we will send your records to the new practice in accordance with NHS guidelines.

For further information, please contact the practice.

9. Our Website

The only website this Privacy Notice applies to is Stort Valley Healthcare's website. If you use a link to any other website from the organisation's website, then you will need to read their respective privacy notice. We take no responsibility (legal or otherwise) for the content of other websites.

10. Cookies

The organisations website uses cookies. For more information on which cookies we use and how we use them, please see our Cookies Policy. TBC

11. Wi-Fi

Wi-Fi is available on site for the use of our visitors via a third party provider as part of an NHS initiative. The organisation has no access to the data held or control over Wi-Fi usage.

You will be provided with the access name and password if you wish to access the Wi-Fi, where terms and conditions of use will be available.

12. Data Security

We take the security of your information very seriously and we do everything we can to ensure that your information is always protected and secure.

We regularly update our processes and systems and we also ensure that our staff members complete regular training on data protection. We also carry out assessments and audits of the information that we hold about you, and we make sure that if we are considering providing new services, we carry out security assessments to ensure measures are put in place to protect your data.

13. Organisational Security

As an organisation we hold information on our staff. Staff records are held securely and only available to those individuals within the Federation who are required to access them.

14. Where to find our Privacy Notice

You may find a copy of this Privacy Notice on our website, or a copy may be provided on request.

Stort Valley Healthcare Ltd
